VOLUME XXIII

COLUMBIA, KENTUCKY, WEDNESDAY, FEBRUARY 11, 1920.

NUMBER 16.

## Well Pleased With Columbia.

Mr. A. E. Naeke, the officers and the members of the recruiting party from Camp Knox, Ky., which have been stationed in Columbia for the past week, take this means of expressing their thanks and appreciation to the citizens and merchants, for their hearty co-operation given us during our sojourn here. Our only regret is that we cannot stay longer. However, we hope to be in Columbia again before leaving this section of Kentucky.

Our efforts are not confined to gaining enlistments alone. One of our main functions is to place before the public the New Citizen Army of the United States, and to familiarize the public with our effort to give men not only military training but also vocational, educational and physical training, so that when a soldier completes his enlistment period, he may return to his community and be a benefit not only to himself, but also to his community, by what he has gained physically and mentally. We are glad to be able to say that this has been accomplished in Columbia by the co-operation of its citizens and by their hospitality. Again we beg to thank you for kind treatment and the numerous favors that you have so heartily granted us. Every member of the recruiting party will leave Columbia with regret, but the spirit of its citizens will not be forgotten. Columbia has endeared itself in our hearts and we will endeavor to repay you by always referring to Columbia as the very best town in Kentucky.

Camp Knox at all times welcomes all of you to visit there and see in practice that which we have endeavored to place before in ideas.

## Death at Roy.

Last Thursday afternoon Mrs. Alta May Bailey, who was the beloved wife of George Bailey, died at her late home, near Roy, this county. She was only twenty-four years old and was a daughter of the late Walker Cravens, of Russell county. She left no children. The deceased was a very amiable character, and was loved by the neighborhood. The funeral and burial took place Friday and they were largely attended.

## Lost.

Man's umbrella, silver trimming, small tear in cover. Finder will please call News office.

Forrest Gabbert, who recently bought a large boundary of land in Wayne county, is not a son of Dr. Z. T. Gabbert, this county, but a relative.

## To Benefit the County.

There is a local oil company at this place organized for the purpose of developing Adair county. The company is endeavoring to raise, by selling stock, six thousand dollars which is to be expended in putting down a deep well. Because oil has not been found in Adair county, does not signify that there is no oil here. Furthermore, the few wells that have been drilled were shallow. Experts claim that the formations here indicate oil, but they believe deep wells will have to be put down in order to reach it. That is what the local company wants to do, and cold water should not be thrown upon the project. If oil should be found in this territory it would be the making of Adair county. People from the East would flock to Columbia, and in a short time this place and the surrounding country would be the busiest in South Eastern Kentucky.

Therefore, we advise every man who has a surplus to take stock in the local company. The moneyed men of the United States have accumulated their immense estate by taking risks. There are quite a number of men in Adair county who could strengthen the local company by taking stock, say \$100 each, and if oil should not be found in paying quantities, no one would, of this class of men, be seriously hurt. If oil should be found their estates would be greatly enhanced. Take stock and let us build up Adair county.

## Notice.

All those holding Warrants against the County issued April 1919, and of prior date, are requested to present to me for payment. Interest to cease Feb. 14, 1920.

BERT EPPERSON,  
County Treasurer.

## Joppa Loses a Fine Woman.

Last Thursday night Mrs. Hattie Willin, who was the devoted companion of Mr. Isaac Willin, died at her late home near Joppa, Adair county. She was about fifty years old and besides her husband, she leaves several children. She was an excellent Christian woman, devoted to her husband and children, who have lost the best friend they ever had. Mrs. Willin, before her marriage, was a Miss Montgomery, a half sister of the late Scott Montgomery. Her funeral was largely attended, and there were many flowers.

## Seriously Hurt.

Mr. C. M. Hagan, of Greensburg, was a victim of an accident in Louisville, last Thursday which may prove fatal. Mr. Hagan and P. H. Moll, of Bowling Green, were in an American Express Company's wagon when a Port land car ran into it. Mr. Hagan was conveyed to the hospital, his head being badly crushed.

LATER—Mr. Hagan lived but a few hours after being taken to the hospital. His son, W. Herman Hagan, is cashier of the First National Bank, Louisville, and Mr. Ellis Workman, Deputy United States Marshal, is his son-in-law.

I have just put in my barn in Columbia fifty fresh mules. In this lot I have thirty big heavy mules 4 to 7 years old, closely mated. You are invited to call and inspect them.

S. M. BURDETTE.

There was a gathering of Methodist ministers at this place last Wednesday, in the interest of the centenary movement. The meetings were held in the Methodist church in the afternoon and evening.

Circuit court will open at Jamestown next Monday. The docket will be light, court not holding longer than one week.

## The Work of a Busy Man.

Over \$2,000,000.00 of real estate sold by Swinebroad, the Real Estate Man, of Lancaster, Kentucky, in 1919. Over 10,000 acres of land at an average price of more than \$200.00 per acre. Swinebroad is now listing farms, preparing his catalogues and fixing his dates for 1920. His territory covers about fifteen counties in Central Kentucky.

If you want to buy or sell real estate now is the time to get in touch with his "Real Estate Headquarters."

Swinebroad also has offices at Danville, Ky., in charge of W. E. Moss, who has been with him over two years.

Swinebroad is one real estate man who believes in advertising, having spent over \$10,000 in newspaper advertising last year and he is thus enabled to give service, and service is what the public is looking for.

The real estate business is a profession, and the same ethics of the profession must prevail in order to succeed as in any other profession or business, and success is not to be measured in dollars and cents alone, but in the clientele the real estate broker holds and the reputation he makes for fair dealings and a judge of values.

Years of experience and a close study of past and current financial conditions are necessary for him to become an expert judge of present values and future probabilities.

The real estate farm broker should have an actual and practical experience in farming to be able to judge of the adaptability of certain soils to certain crops. In other words, he ought to know just what he can do with any farm before he can advise with a prospective purchaser with reference thereto. Swinebroad has this experience and will not offer for sale a farm or other property unless in his judgement the price asked will justify a purchase.

Select the man with whom you desire to transact real estate business with the same care you select your physician, your lawyer or your banker, whether you want to sell or want to buy. Your savings of a life time, or your future financial condition may be at stake. If you cannot trust your real estate broker don't do business with him. When you select your real estate broker list your property with him exclusively (talk this proposition over with Swinebroad) and assist him when you can. He is then justified in spending time and money in advertising and pushing the sale of your property. Remember, Swinebroad "always sells," so if you want to buy or want to sell real estate give Swinebroad or Moss an opportunity to talk it over with you. Just a little talk with them may make or save you money without cost to you.

Swinebroad deals in real estate not only as a broker but as a purchaser. If you want to sell be sure to see him. If you want to buy he has farms and other real estate of his own for sale.

## Left for Gretna Green.

Mr. Howard Spears and Miss Eula Garrett, a young couple of this place eloped for Jeffersonville last Thursday night. They will likely return before this announcement is published. The bride is a daughter of Mr. A. L. Garrett, and has been a saleslady in her father's store for some time. The intended husband is a son of Mr. James C. Spears, who is now the Town Marshall of Columbia. We take it that they will be forgiven, and in the meantime the best wishes of The News go with them.

The recruiting officers who were here secured fourteen men for the service. They were from different parts of the county. They have all left for the Camp.

D. E. Phelps shipped a car load of hogs and cattle to Louisville Monday. He paid \$13.50 for the hogs.

Mr. L. Y. Gabbert has removed from Gabbert to Knifley, Ky.

## Disappearance of an old Landmark.

The old brick building which has stood upon the H. N. Miller lot fronting Water Street, for a century, is being razed, and a new and handsome cottage will be erected upon the lot, but not upon the same site. It will come down thirty or forty feet nearer the street. Mr. Miller will build it, as we understand, for rent. It is a beautiful lot, and when the new residence is up, it will be a delightful place to live. We are glad Mr. Miller decided to remove the old building, as it had been unfit for occupancy for five or six years.

Horace Walker has the contract to put up the new building.

## All Doing Well.

Mr. Walter Murrell, who lives in Aberdeen, Miss., was here last week.

He stated to the News that he came via West Point, Miss., and met the Adair County colony located at that place. He said that Mr. C. S. Harris was the busiest man in all that country, buying and selling land and that he and his family were perfectly delighted with their location.

Mr. J. A. English, he said, had sold his farm at a good profit, and that he was looking around with the view of purchasing another boundary of land Mr. English has been sick, but he is rapidly improving.

Mr. Murrell said his people at Aberdeen, were doing well and were perfectly satisfied, and that the other Adair County people in Mississippi were contented.

A cottage for rent.

W. F. Cartwright.

## Arm Broken.

Last Thursday morning Mr. J. W. Young, who is familiarly called Burly, by all his friends, met with a very serious accident. He left town in a machine, going out the Burkeville pike until he was beyond Mr. W. B. Rowe's residence. Here he stopped to transact some business. While cranking the machine to make the return trip, there was a kick and Mr. Young's right arm broken above the wrist. Dr. C. M. Russell reduced the fracture, and at this time the patient is suffering but little.

## Marriage Licenses.

County Clerk Neat has issued the following marriage licenses since our last report:

Johnny Perkins and Susie Enyart. Henry C. Curry and Marie Smith. Olie Sexton and Altha Brummett. J. L. Grant and Cordia Stotts. Arvin Franklin and Zora Hare. Henry Powell and Ina Albertson.

## Died Near Dent.

On the second day of this month Mrs. Ruth Blair, who was the wife of Wm. Blair, died at her home near Dent. She was about twenty-eight years old and a splendid good woman.

Mr. R. B. Wilson and his son, W. L. Wilson, have purchased the cigar factory at Campbellsville. On Depot street, same city, there has been a transfer. J. M. Kearnes sold to V. M. Gowdy his machine shop and residence. Roy W. Walker and Miss Nell Scott, of the Casey Creek section, were married in Campbellsville a few days ago.

We understand that the present board of town trustees calculate to do a great deal of needed improvement on the streets this year. A new concrete walk to the Lindsey Wilson should at once engage its attention. When that job is completed the whole town will say Amen.

Born, to the wife of Elmer Redman, February 3, a son.

Next Saturday will be Valentine Day.

## Six O'Clock Dinner.

One of the prettiest social events of the winter was a dinner given by Mesdames Gordon Montgomery, Geo. Staples and Geo. Stultz, at the home of Mrs. Stultz, on Greensburg St., Friday evening, Feb. 6. Three tables were beautifully decorated in red and green, the center of each table containing a basket of red roses and ferns. The hand painted place cards were in red and green and the color scheme was carried throughout the delicious six course menu. Covers were laid for the following: Mesdames Lee Grissom, Bruce Montgomery, Horace Jeffries, Jo Patteson, C. M. Russell, Allen Walker, Fred Hill, W. A. Coffey, W. R. Myers, J. G. Eubanks, B. E. Rowe, Eric Barger, W. B. Patteson, J. L. Walker, A. D. Patteson, J. P. Hutchison, O. P. Miller, Daisy Hamlett, W. B. Jones, Woodruff Flowers, Arthur Prather; Misses Sallie Baker and Minnie Triplett.

## Delightfully Entertained.

Miss Verly Phelps entertained about 30 of her young friends, on Feb. 5th, from 7 to 10 o'clock, it being her 17th anniversary. She received many presents. Games were played and music rendered. Delightful refreshments were served. All expressed themselves as having spent a very pleasant evening. May she live long and enjoy many more birthdays as this one.

X X

Mrs. J. C. Eubank entertained at a dinner party, last Saturday, from 12 until 4 o'clock. A delightful menu was served, displaying Mrs. Eubank's culinary art.

## For Sale.

One Typewriter, good as new.

J. P. Beard, Columbia, Ky.

## Birthday Anniversary Dinner.

Ex-sheff S. H. Mitchell and wife were hosts on Monday, last, at their home, near town, on the Edmonton road, to a small party of invited guests at a dinner given in honor of Mr. Mitchell's sixty-seventh birthday anniversary.

The sumptuous dinner, prepared and served under the personal supervision of Mrs. Mitchell, consisted of the many good things that go towards satisfying the wants of the inner man, and in a way which could not be excelled.

Mr. Mitchell was warmly congratulated upon having reached the ripe age he has, and everyone present expressed the hope that he would live to see many returns of the day.

## To Poultry Raisers.

## Tobacco Canvass at

Murray's Store.

## Adair County Farm for Rent.

It is located five miles East of Columbia, Ky., known as the Larkin DeHart farm. The farm lies on Sulphur Fork. It joins S. H. Absher, Allen McGaha and Fred Grider. It contains 87 acres. School and church one-half mile. There are about 25 acres in good shape for corn and oats, and it is good tobacco land. Also a good orchard. We will rent it the coming year for \$100 cash, and cash must be paid when the trade is closed.

### Gives Kentucky Credit For First Oil.

This is the one hundredth anniversary of the discovery of oil in America, according to J. H. Bagby, of Fort Worth, in the Petroleum Journal (of Wichita Kans.,) who has an interesting story to tell in connection with the discovery.

Kentucky, not Pennsylvania, Ohio or West Virginia, is the mother state of petroleum," Bagby says and he cites the official report of the Kentucky State Inspector of Mines as his authority.

It was 100 years ago, goes the story, that certain residents of Cumberland Gap, Tenn., began a quest for salt by drilling a well, using horse power, on the banks of the Cumberland River, in Wayne County, Kentucky.

At less than 100 feet a dark brown liquid came out of the hole. The quest for salt was a disappointment and was abandoned, the well being allowed to stand open. The new discovery was not even named, but the fluid continued to rise from the well and cover the waters of the Cumberland River.

The liquid was later named "Devil's Tar" by native women.

It was given this name because it had darkened the feathers of geese which was one of the principal revenues of the mountaineer woman.

As late as 1896 this well was still in use, the oil being taken from the well by means of a cup attached to a fishing pole. The oil was then used for rough lubricating purposes, and as an external application was of great value in preventing ticks among the cattle.

The story relates interestingly how the first barrel of oil ever shipped in this country came from this first well.

An enterprising citizen of Wayne County, dreaming of the oil as a commercial possibility, collected a barrel of the fluid.

He floated the first shipment down the Cumberland, Ohio and Mississippi Rivers to New Orleans, from where it was consigned to a chemist in London for analysis. When it reached its destination, customs officials were unable to either name or describe the product, which they were required to do before allowing it to enter. The problem was solved by knocking the head out of the barrel and pouring the oil into the English

Channel. During the late years the oil fields of Wayne County have been thoroughly developed, the oil being transported by pipe lines to Somerset, where it is refined.

The old "Devil's Tar" of Cumberland River, that spoiled the old woman's goose feathers, has become probably the most powerful industrial factor in the world.—Oil Press.

### Old Fashioned Children.

In passing groups of children on the street we sometimes wonder what has become of the quiet, well mannered of yore.

Perhaps we saw so many of them we failed to appreciate them but now the species seems to be nearly extinct. By quiet, well mannered children we do not mean sissy boys and little old maids. No one can find a happier sight than good, wholesome children at play, but they should know there is a place for their shouting and their play and that place is not on the public streets, where they carelessly run into everyone as if they had the right of way and without as much as a backward glance go tearing on. Mothers probably do not realize the way

their children act on the streets, yet they cannot expect them to act with the proper sobriety unless they are taught.

Give us back once more the old-fashioned, sweet mannered children happy and wholesome in their play but gentle and quiet in public. It may sound cute the first time a child says, "Betcher life," or "Nuttin doing," but these phrases soon lose their attraction and sound only ill-bred.

### On a Long Talker.

"I am not going to talk long this evening. I have been cured of that. The other night I was making a speech when a man who had been imbibing in Bevo and raisins entered the hall and took a seat right in the front row. I had not been talking an hour when I noticed he was becoming fidgety. Finally he arose and asked:

"Shay, how long you been lecturin'?"

I smiled good naturedly at the interruption and replied:

"About four years, my friend."

"Well," he remarked, as he sat down, "I'll stick around—you must be damn near through."—Arizona Magazine.

### The Professional Man's Income Tax.

Figuring Income Tax is an easy job for the professional man. By education and training he is accustomed to drawing up statements. He has records of transactions involving income, and keeps well in touch with his expenditures.

Just what he is allowed to deduct as professional expense, in figuring his net income, is what he wants to know each year as the tax season arrives. Therefore, a review of the items in general is given in this article.

Returns for 1919. The present Income-tax law requires that returns for 1919 be filed on or before March 15, 1920, at the office of the Collector of Internal Revenue for the district in which the taxpayer lives. At least one-quarter of the tax due must accompany the return.

An unmarried person must file a return if his or her income was \$1,000 or over; and a married person living with wife (or husband) must file if their joint net income was \$2,000 or over. A widow or widower, or a married person living apart from wife (or husband,) is classed as a single person.

The requirement to file a Federal Income-tax return is not contingent upon there being a tax due.

Form 1040-A is used for net income of not more than \$5,000; Form 1040 for net income over \$5,000. Instructions and a working sheet accompany each return form.

Every firm of professional men operating as a corporation must make an annual return of net income on Form 1120; if operating as a partnership, a return on Form 1065 must be filed.

### Gross Income.

An individual's gross income from a profession includes all compensation for his services.

Where services are paid for with something other than money, the fair market value of the thing taken in payment is the amount to be included as income. If the services were rendered at a stipulated price, in the absence of evidence to the contrary such price will be presumed to be fair value of the compensation received.

In the case of a salary received, this should be shown separately, in Block B, of the return. Many professional men and women—lawyers, medical examiners, teachers, accountants, etc. are officers or employees of a state, or a political subdivision of a state, such as city, town or county. Their salaries or wages as such officers or employees are exempt from the Federal Income tax. The exemption also applies to fees received by notaries public commissioned by states, also the commissions of receivers appointed by state courts.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

May this be a prosperous New Year for the News and its many readers.

Two feet is the usual stride of an ostrich, but when the bird is alarmed and begins to run it changes its mincing stride for 14 foot steps, which carry it over the ground at a rate of 25 miles an hour.

## Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure  
Fabric, All-Weather Tread..... \$20.00  
30x3½ Goodyear Single-Cure  
Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water- \$3.90 proof bag.

### The Long Arm of Crime.

Many people imagine that the present reign of crime in our great cities has no effect upon our rural population. But they are in error.

Crime extends its paralyzing blight even to the remotest crossroads of the backwoods country.

The press of the cities is filled with the exploits of criminals. These papers are read broadcast. To the young fellow just approaching manhood there is certain glamour attached to these lurid newspaper stories which give the criminal much the aspect of a hero.

The atmosphere cannot be other than degenerating to the young mind just approaching maturity, especially if the youth be weak minded and inclined to be would.

It is so right in our own community.

There is yet another side to the story—a pitiable side to any man who is blessed with a sense

of righteousness and a desire to see justice prevail.

Many of the courts in the large cities are anything but what they should be.

Judges frequently owe their elections to politicians. The politicians owe their power to the gang. The gang demands that lenience be shown certain criminals with a pull. The politicians o. k. their demands, and we have a strong suspicion that judicial necks are bowed to the yoke in fear of disaster at coming elections.

An endless chain, with powerful links pulling for the criminal at the expense of law and order.

These sordid facts are played up by the city press, are read with avidity by the young men of the country, and either inflame the juvenile imagination or destroy respects for the courts.

The long arm of crime extends even to greater lengths than that of the law.

### Knifley.

Several from this section attended county court at Columbia last Monday.

Miss Lettie Feese spent last Sunday with Lillian Harden and Bessie Absber.

Miss Lillie Harden is on the sick list at this writing.

Mr. Willis Hadley has purchased the farm of Mr. G. H. Slaughter.

Mr. Gobel Wheeler, who has been in Wadsworth, Ohio, for the past four months, is at home now.

Mr. Gordon Jerbaugh, of Portland, Indiana, is visiting his grandparents, Mr. and Mrs. A. H. Harden, at the present time.

Miss Myrtie Lawson, who has been on the sick list, is better at this writing.

Married, on the 28th of Jan., Johnny Perkins to Miss Susie Enyart.

The farmers are taking advantage of the pretty weather to burn their plant beds and from the number of plant beds being burned there will be a large crop of tobacco next year.

On the 18th of Jan., Mr. David Harden's birthday, a few of his relatives spent the day with him, it being his 79th year.

Those present were: Mr. and Mrs. A. H. Harden, Mr. Walter Arnold and family, Mrs. Delia Ferguson, Mrs. Lillie Harden, Miss Eva Hancock, Mr. Gordon Zerbaugh, of Portland, Ind.

A mob of 500 men attempted to secure Will Lockett, the negro man who murdered 10-year-old Geneva Hardeman, and lynch him, at Lexington, Monday. The State troops fired into the mob, killing four men and wounding a dozen others. Excitement is high and United States troops at Camp Taylor were ordered to Lexington.

## GOV. MORROW POKES.

Claiming that he referred to offices created in the state since the election of President Wilson, Gov. Morrow, to fill out his count, goes back to the Trustees of the Jury Fund, created probably fifty or one hundred years ago, and one of the first acts of the Commonwealth of Kentucky in her infant days. This is the way he pads his list with one jury commissioner from each county, making 120. He then counts the policeman at the Ky. State Fair, who only serve one week, 104 in number. So out of his 391 useless offices there in fairness should be deducted 224, leaving only 167 offices created since Wilson went into office instead of 381. Some of the rest of these offices are important ones and 60 are not even paid by the state, and on the whole it looks like Gov. Morrow has "poked" and "poked" badly.—Elizabethtown News.

There is much being said now about Col. W. J. Bryan and the part he will play in the June Democratic National Convention which will be held in San Francisco. Some writers are claiming that he is a candidate for the nomination for the Presidency. The News believes that Mr. Bryan is heart and soul for the Democratic party, and it does not believe that he is a candidate. His chief interest is, in selecting an available man at San Francisco. Mr. Bryan, notwithstanding he has enemies, has more influence than any other one man now looking to the interest of the party. We further believe that he will name the Democratic candidate for the Presidency at San Francisco.

Louisville is one of the handsomest cities in the Union, and a police force that would protect, would swell its population faster than anything else that could be done. There has always been a disposition upon the part of honest men and women to feel safe when walking the street of a metropolis. The two women murdered and the other outrages that have been perpetrated in Louisville in the last few weeks, make law abiding people hang their heads in sorrow, being partial to the first city of the State.

Col. Jack Chinn, who was one of Kentucky's most noted men, a native of Harrodsburg, died at Lexington a few days ago. He served in the Confederate army and also in the Kentucky Legislature. He was also a lover of fine horses, and had quite a number trained for the track.

Since our recollection, and that goes some way back, Louisville never had as inefficient force, as is now patrolling that city. According to the dailies published in that city it is made up of drunkards, gamblers and thugs.

A bill has passed the lower House of the Kentucky Legislature to pay election officers \$5.00 per day and to keep the polls open until 6 o'clock. It will probably be killed in the Senate.

The House has killed the bill allowing one dog to the family free of tax. The House also killed the bill giving to every Kentucky soldier and sailor a bounty of \$100.

## Gradyville.

Our farmers are burning plant beds this week.

Ben Yarberr, of Gadberry, was in our midst the first of the week.

Strong Hill is erecting a new mill in our town at this time.

W. L. Grady has finished prizing his crop of tobacco which was twelve hhds.

L. Willis and G. E. Nell were on the tobacco market in Louisville last week.

Robert Caldwell, of Milltown, was in our midst one day last week, looking after hogs.

Garnett Dowell, of Milltown section, was in our midst last Friday looking after farming implements.

Uncle R. O. Keltner says corn is not worth over six dollars a barrel no time.

L. B. Cain is putting in this week prizing tobacco, that was grown on his farm, preparatory for the Louisville market.

J. J. Parson, efficient blacksmith, put up and sold four farm wagons besides keeping up with his other work.

J. J. certainly knows how to put up a good wagon.

G. T. Flowers, of Columbia, visited his relatives here the first of the week.

Mr. Lazarus Bragg who has been engaged in business at Milford, Ill., since he was mustered out of service, returned last Saturday to visit his relatives and friends, for a short time.

Messrs. Dudley & Son, the well known mill men of this section, have received notice that their oil engine has been shipped. This attachment to their mill will be a great saving to their business.

We are glad to note that W. P. Flowers, who has been confined to his room for several weeks is able to be on the stage of action again.

B. B. Janes, D. C. Wheeler, N. H. Moss and Allen Kemp, are feeding hogs for the spring market.

Mr. C. C. Hindman, one of our best farmers, was in our midst one day last week looking after grass seed and reported that he had just closed a deal for another farm. This rounds

Mr. Hindman up the one of the best farms in this section of the country. Quite a lot of valuable timber on his farm as well as a good stock farm.

Messrs. Garnett Keltner and G. D. Taylor spent several days last week on the loose leaf tobacco market at Campsville.

They both were very well pleased with the sale of tobacco.

If the weather is suitable we take it that the larger part of the tobacco crop in this section will be marketed. Farmers are daily prizing and hauling their crops to the market while the grade of tobacco that we make in this section is not selling on the market as high as it was earlier in the season, but at the present prices we can make money by growing the weed.

Our fathers when we were boys raised it for 4 and 5 cents per pound, they thought they were getting good money for their tobacco. If our farmers would adopt the plan of our old friend, Ed Whitlock, who beyond a doubt was one of the best farmers that ever lived in this section of the county, who was the first to get his crop transplanted and the first to get through cutting and by the way the first one to get his crop on the market, and he always realized good money for his tobacco. And his brother, U. N. was just about the same kind of a farmer along this line. Give us more farmers like the Whitlock boys is what old Adair needs.

We will ring off for this time by asking what are we going to do for the betterment of the roads in Adair County we can speak for this part of the county we have just come to the point where we must do something or stay down on this creek all winter without getting anywhere.

We take it that any proposition that is put before our people for better roads will be accepted at the very first opportunity if it takes bonds to have good roads let them come.

—Chesterfield

A REAL pal—that's Chesterfield. Look at its record. Three million smokers—less than five years on the market! Two words explain it—"They Satisfy."

Our expert buyers in the Orient select for Chesterfields only the finest grade of the four choicest varieties of Turkish tobacco. To these are added the best of mild but full-bodied Domestic leaf.

But, in the end, it's the blend that makes Chesterfields "satisfy." And the blend—our private formula—cannot be copied.

Extra wrapper of moisture-proof paper seals in the flavor.

GENERAL

MERCHANDISE

## The Year 1920 Will Be One Fraught With Momentous Making of History.

In the libraries of the future, the historical volumes, marked 1920, will deal with a critical period of the world's history.

The whole world is now in a frenzy of discontent. In the old world new parties with new policies, each striving for control, are walking hand in hand with the spectre of distrust, where they are not already dying in the flame of fratricidal war.

In the United States profiteering has become a science, all sense of values is gone, Bolshevism is raising its vicious head, and labor and capital, by passing the buck, each to the other, are leaving the middle class bearing the brunt of the burden.

It is a critical period through which this world is passing, and one that demands the whole-souled interest of every thinking man and woman in this world.

You can not perform your duties as a citizen of this country unless you think right; you can not think right unless you are fully informed; you can not be fully informed unless you read a daily newspaper.

As a citizen, and as a voter, you wish to vote intelligently. You wish to know what the leaders of the big political parties are offering as the panacea for this present condition. In order to perform this duty intelligently, you must have access to the news as it is published day by day.

Granted that it is your duty to read a daily newspaper, it is also your duty to read the paper that will give you the most news, particularly when its cost is the same as the others.

The Louisville Herald has the largest circulation of any morning newspaper in Kentucky, and all Louisville newspapers are sold at the same price, this is self-evident proof that it is considered the best paper by the most people.

The Louisville Herald gives you the news from the Associated Press, that wonderful news gathering organization, which covers the entire world with its list of correspondents; in addition it gives you all the news from Europe that is gathered by the Universal News Service; this in addition to The Herald's own list of special correspondents and its editorial staff. No newspaper can give you more than this—few can give you as much.

The Louisville Herald, apart from its general news value, thoroughly covers the financial world, and keeps you fully informed as to the daily fluctuations on all marketable commodities. News of the world of sports is more than a tabulation of sporting events, as compiled for The Herald's sport page.

The Louisville Herald contains more features of general family interest than we have space to specify in the short space of this advertisement; but we will say this much, that there is something of interest to every member of your family in every issue. We will, if you are unfamiliar with The Herald, gladly send you a sample copy on request. We would suggest that in order to protect yourself against a raise in subscription price for the coming year, that you give your order to your local agent now; if there is none in your town, send in the coupon below.

### Rugby.

Miss Annie Sparks who has been quite sick for several days with pneumonia fever is improving.

Bill Hunter of color lost a fine mule last week by getting its leg broke.

Gilfred Yarberry while burning sedge a few days ago let the fire get out of his control and burned up four fine hay stacks valued at one hundred dollars.

Measles is still at Breeding and it is handling some of them pretty rough.

A small boy of Ollie Pages was quite sick a few days of last week.

Isaiah Hurt, Breeding, last Friday, was out hunting and crossing over a fence some way his gun went off accidentally and injured his foot very badly. Dr. Holland Simpson and father dressed the wound.

Mrs. Jim Stotts who has been confined to her room for the last three weeks with typhoid fever is improving.

Squire William Harvey's first wife and daughter from the West is visiting relatives here now.

### Those Silk Shirts.

The height of ambition of some people in these United States is to be the proud possessor of a dozen silk shirts. And this ambition is held by some men who until the war paved the way for a sort of dangerous prosperity seldom if ever adorned their persons with a "biled shirt."

Silk shirts even when they were selling at normal prices were never economical. The haberdashers have always displayed the sign, "silk goods not guaran-

teed." But now the quality is no better and the prices outrageously high.

The man who wants the dozen silk shirts would do better were he to invest \$82.40 in a Treasury Savings Certificate and five years hence draw down one hundred dollars in gold. By that time he would not spend very much of his salary on so flimsy and perishable a garment as a silk shirt.

### Dinner Anger.

If ten women were asked to tell the most exasperating experience of their married life, we believe nine of them would say, "the preparation of a nice dinner and then have hubby or friends or relatives fail to show up on time."

The dinner gets cold, or is overdone and everything goes to smash including the good wife's disposition.

And you can't blame her.

What would Mr. Business Man say if his merchandise were continually coming in late; or Mr. Professional Man if his clients or patients always came after the crisis had passed.

I believe the little wife's anger over a spoiled dinner would be like the happy smile of childhood in comparison with the wrath of the man.

Let's all of us make up a little extra effort to keep not only our dinner, but all our engagements promptly.—Exchange.

### The Life of Man.

A man comes into this world without his consent and goes out of it against his will and the trip between the two is full of contraries. When he is little the big girls kiss him and when he is grown the little girls kiss him.

If he is poor he is a bad manager, if he is rich he is dishonest. If he needs credit he can't get it, if he is rich everyone wants to do him a favor.

If he is in politics he is a grafter. If he is out of politics he's no good to his country. If he gives to charity he wants to "show off," if he doesn't give he is a stingy cuss. If he is actively religious he is classed as a hypocrite, if he takes no interest in religion he is a hardened sinner.

If he gives affection he is a soft one, if he seems to care for nobody he is cold-blooded. If he dies young there was a great future before him, if he lives to an old age he missed his calling. The road is full of bumps, but man loves to travel it, and he usually gets his money's worth.

### Solving the Paper Problem.

Greater importations of paper and pulpwood from Canada and increased production in the West, where there are still extensive stands of suitable forests would prove to be temporary solutions of the paper problem according to the Forests Service of the United States Department of Agriculture.

In the long run the country must solve the problem on the basis of a permanent wood supply. There are two ways, requiring a constructive national policy, of permanently solving the question. There are, first, regeneration of our forests on a more productive basis, and, second, the greater utilization of mill waste for paper making.

THREE calls for nurses have come to the Lake Division Department of Nursing in the past week.

The opportunities offered are several—overseas, in the navy, and in the United States Public Health Service. Applications of enrolled Red Cross nurses are being received at the Department of Nursing, 22nd and Prospect ave., Cleveland, O., Plymouth Bld.

Patriotic service is still open to women who are training to be nurses in schools in this country. director of nursing at Lake Division headquarters, says: "From the moment a student enters the training school, little or no financial outlay is necessary. When she graduates the nurse enters a field where the demand has always been greater than the supply."

## LAKE DIVISION FINANCIER ATTENDS GENEVA COUNCIL OF THE RED CROSS LEAGUE

APPOINTMENT of five American delegates to the first meeting of the General Council, League of the Red Cross Societies, at Geneva, was announced by the American Red Cross today.

The delegates are: Willoughby G. Walling, of Chicago, vice-chairman of the Central Committee of the American Red Cross; Otis H. Cutler, of New York, former manager of the Insular and Foreign Division; Mrs. Wm. K. Draper, vice-chairman of New York County Chapter and formerly chairman of the Women's Advisory Committee; Samuel Mather, of Cleveland, former member of the Central Committee; and Elliot Wadsworth, of Boston, member of the Central Committee.

Henry P. Davison, formerly chairman of the War Council of the American Red Cross, chairman of the Board of Governors of the League of Red Cross Societies, will accompany the delegates when they sail on the Mauretania next Wednesday. Mr. Davison was named chairman of the board when the League of Red Cross Societies was formed at a meeting of delegates from America and four principal Allied nations last spring.

The meeting, which will open in Geneva March 2 and will continue one week, is expected to prove of far-reaching importance in international health promotion.

World problem concerning improvement of health and prevention of disease; means of increasing the membership, resources and effectiveness of national Red Cross Societies and methods of organizing and using these for peace-time service will be discussed.

Delegates from the following national Red Crosses, members of the League, have been invited, along with those of the United States: Argentina, Australia, Belgium, Brazil, Canada, China, Cuba, Denmark, England, France, Greece, Holland, India, Japan, Italy, New Zealand, Norway, Peru, Poland, Portugal, Roumania, Serbia, South Africa, Spain, Switzerland, Sweden, Venezuela, Uruguay and Czechoslovakia.

The creation of the League of Red Cross Societies was the direct result of the universal desire to preserve for the benefit of all mankind the spirit and effectiveness developed by the Red Cross during the World War.

## RED CROSS JUNIORS WORK TO HELP OTHER CHILDREN

CHILD relief work this year is to be the activity of the American Junior Red Cross—now organized in almost 75 per cent of the schools of America.

"February 22nd is the last day for enrolling Junior auxiliaries in the current school year in your county," says Mrs. Harrison W. Ewing, Lake Division Director of Junior Membership.

The year's work of the children will bring help to children suffering in this country or overseas.

Friendliness between children of America and other nations is being promoted by Junior Red Cross international service for the children.

### Luke McLuke Says.

Some how or other, you never hear of a man applying for a divorce on the ground that his wife is a good cook. And you never hear of a woman applying for a divorce on the ground that her husband gives her too much money.

Even when she is announcing that a well-built girl looks Immodest, a flat chested girl will keep right on spending two bucks per week for Developer.

The man who can't make 20 bucks a week at what he is doing always knows that he would be a world beater if he had the Other Fellow's job.

What fine children there would be in this world if the Neighbors raised your children the way they think your children should be raised, and you raised the Neighbors' children the way you think the Neighbor's children should be raised.

And what has become of the o. f. man who wanted to kiss the Bartender before he went home?

We do not know much. But we do know that there is always one cartridge left in the gun that is supposed to be empty.

Why is it that a man can't sit beside a good looking girl without resting his arms on the back of the chair she is occupying?

The o. f. woman who had a pet baking powder now has a daughter who has a pet bakery that charges her 10 cents for a 5-cent loaf of bread.

A henpecked husband crows as loudly as anybody when he is away from home.

The reason why a thin girl does not mind having her collar bone stick out three inches is because she knows that her ankles are not fat.

Ask any married woman and you will learn that the ideal Husband lives further up the street.

## The Best Insurance Against Influenza.

Prominent Educator Believes That Vapomenth is a Sure Preventive.

Dr. R. M. Brame, discoverer of Brame's Vapomenth Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C. Public Schools, in which he says: "We have used Brame's Vapomenth Salve for nearly all the ills for which it is prescribed and have always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. . . . I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions."

The strong statements are fully justified by the remarkable recoveries that follow. Brame's Vapomenth Salve is applied freely over the chest and throat and inserted in each nos-

### ARE YOU A TARGET FOR INFLUENZA?

It Hits Listless, Run-down People  
First—Their Blood is Thin

GERMS EVERYWHERE IN EPIDEMIC

Be Prepared—Strengthen and  
Build Up Your Blood with  
Pepto-Mangan.

If it is true that you are not feeling your best—if you have that "always-tired" feeling and no interest or enthusiasm—then you should be careful of the influenza.

It is thin-blooded, anemic people that disease strikes first. The fact that you have had a very few serious illness has nothing to do with it. Everyone gets run down occasionally, and when they do, the blood is in no condition to fight off disease germs, because it has not enough red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. Fortify

your blood—build it up with the pleasant tonic, Pepto-Mangan.

And should you be just recovering from influenza your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. No difference in medicinal properties.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name is on the package. Advertisement.

Quite a number of growers of this county, who prized their tobacco with the view of shipping it to the Louisville market, were notified the first of last week to stop bringing it to Campbellsville, the railroad company refusing to haul it. ### SEES MISTAKES BUT IS NOT TOO LATE FOR HELP

Mrs. Spalding Frankly Admits  
She Made Error in First Judgment of Trutona.

Louisville, Ky., Feb. 10.—Frequently people are loath to admit mistakes that time has proved to be in error, but here is one instance in Louisville where the party concerned is only too glad to mistake. She is Mrs. Julia Spalding of 3004 West Walnut Street, a very well-known woman in her neighborhood.

"Yes, I'll admit that I did have much faith in Trutona because I had taken so many different kinds of medicine without gaining relief," Mrs. Spalding said a few days ago. "I only decided to try it after I found out that it had done so much good I am ready and glad to praise it."

"I didn't have any appetite and my liver was out of order. Consequently

I was annoyed with biliousness nearly all the time. I became very weak, too. My next door neighbor advised me to try Trutona. Well, regardless of the fact that I am getting well along in years, Trutona has done me a world of good. I'm sleeping well at night now, instead of being restless

as was formerly the case. In fact I have gained in strength, likewise. After I had taken Trutona a week I began to notice a marked improvement."

Trutona is now being introduced and explained in Columbia at the Paul Drug Company. Adv.

## What H. C. L. Really Means!

Town folks think it's High Cost of Living. Farmers know it's High Cost of Loafing—not on the farm, where the day is sixteen hours long, but in factories and shops, where the workers want to quit after six or seven hours. This H. C. L. plus the H. C. S.—the High Cost of Spending—are the sky-rockets that keep prices up, says

## The COUNTRY GENTLEMAN

I wish you'd read about The High Cost of Loafing in the Great National Farm Weekly. It would be worth the subscription price of \$1.00 a year to you!

Farmers need to get together to combat these city-bred notions that the high cost of living originates on the farm, and they can do it better through THE COUNTRY GENTLEMAN than by any other means. The fair-minded town folks need to reconstruct their silly ideas and find out

what H. C. L. really means, and they can complete their education for \$1.00 by subscribing now for THE COUNTRY GENTLEMAN. I'm selling the greatest reading bargain on the market today—52 big, interesting, helpful weekly issues of THE COUNTRY GENTLEMAN for only \$1.00.
